

Dear Customer,

Foster Farms is committed to providing the highest level of quality food. Out of an abundance of caution, and at the request of, and in cooperation with the United States Department of Agriculture (USDA), a voluntary recall has been initiated for select Foster Farms Corn Dogs due to the potential presence of pieces of wooden stick within the batter portion of the products.

This precautionary measure is being taken to maintain the highest standards of product quality.

Affected Products:

The following items, produced at Plant Code **P-6137B**, are affected:

Item	UPC	Product Name

You can view the affected products [here](#).

Next Steps:

If you have any of the affected products in inventory, please remove them from sale immediately and destroy them in accordance with your standard procedures.

If any of your customers are distributors, please inform them that they will also need to contact their customers about the recall, and to provide instructions on whether to destroy, return product, etc. Please also discuss with them the recommendation that they also notify their customers in writing, as documentation of notification may be requested by FSIS.

We appreciate your partnership and cooperation as we work to resolve this swiftly and responsibly.

Sincerely,

The Foster Farms Team
